

Share your feedback on Enterprise Vault DA

Participate in a remote usability benchmark

Why? We'd love to get your feedback to continue to shape Enterprise Vault Discovery Accelerator's (EV DA) direction, as we assess whether or not our team has improved the user experience between versions **7.5, 8.0, and 9.0 of our EV DA product.**

Who? In order to do this, we would like to involve legal professionals, with some experience reviewing items as part of the eDiscovery process. We are interested in end-users of Enterprise Vault Discovery Accelerator or any other eDiscovery software.

***If you do not fit this criteria but recommend someone who does and successfully participates in a session, we will offer you \$50 as thanks for your referral.**

Where? You can participate without ever leaving your desk! All you need is an internet connection and a telephone.

Session Overview & Details

As thanks for participation, we will offer you **\$350**. During the two hour 1:1 remote session, you will be asked:

- Some preliminary questions about your job, and duties
- To interact with the 7.5 (2007), 8.0, and 9.0 versions of EV DA
- About your experiences using your e-discovery tool
- Closing questions about overall experience

At the end of the session, we will leave a few moments for you to meet members of the product team and share thoughts, ideas and suggestions for improvements to EV. Sessions are available during the following times from **Monday, 8/9 – Friday, 8/27**

Schedule	Monday	Wednesday	Friday
PDT	August 9	August 11	August 13
9:00 a m - 11:00 a m			
1:00 p m - 3:00 p m			
3:30 p m - 5:30 p m			
	August 16	August 18	August 20
