```
10/05/12 13:00:15 -----
10/05/12 13:00:15 Symantec Backup Exec B2D Compatibility Test
10/05/12 13:00:15 Build 13.0.4164
10/05/12 13:00:15 Copyright (C) 2010 Symantec Corporation. All rights reserved.
10/05/12 13:00:15
10/05/12 13:00:15 This tool can take up to several hours to complete. The
10/05/12 13:00:15 amount of time it takes is dependent on the host computer as
10/05/12 13:00:15 well as the underlying appliance technology. It is
10/05/12 13:00:15 recommend that this tool be run at a time when there will be
10/05/12 13:00:15 minimal impact on business operations.
10/05/12 13:00:15
10/05/12 13:00:15 For the tool to run successfully, the target location of the
10/05/12 13:00:15 test must contain at least 4,339,073,024 bytes of available
10/05/12 13:00:15 space. Furthermore, any credentials supplied must have
10/05/12 13:00:15 sufficient privileges to create, read, write, and delete
10/05/12 13:00:15 directories and files on the appliance.
10/05/12 13:00:15
10/05/12 13:00:15 Further information about this tool can be found online at
10/05/12 13:00:15 the Symantec product support site:
10/05/12 13:00:15 http://entsupport.symantec.com/umi/v-275-10000
```

Please enter the parameters for the test. Press ENTER to accept default within brackets []. Prompts marked with * are required.

10/05/12 13:33:22
10/05/12 13:33:23 The appliance has completed all tests successfully and should
10/05/12 13:33:23 be compatible with Backup Exec B2D technology. If you are
10/05/12 13:33:23 experiencing issues with the appliance using an existing
10/05/12 13:33:23 Backup Exec installation, please contact Symantec Technical
10/05/12 13:33:23 Support for further assistance.
10/05/12 13:33:23
10/05/12 13:33:23 The results of this test have been placed into the following
