## Differential Sampling Summary

Run Date: 2/4/2014 (Compliance Accelerator Server Time Zone: Central Standard Time)

Manager Name

For the specified period, this report summarizes the sampling activity on the monitored employees in each selected department. 'Total Messages' is the total number of messages that the employee has sent and received. 'Total Sampled' is the number and percentage of sampled messages. This total is the sum of messages that the policy engine has sampled ('Policy Sampled'), messages that a guaranteed search has sampled ('Search Sampled'), and random sampled messages. 'Search Duplicates' shows the number of messages that Compliance Accelerator has determined to be duplicates.
