

Vault Store Usage Reporter

Click a Vault Store name to view a report of usage by Billing Account.

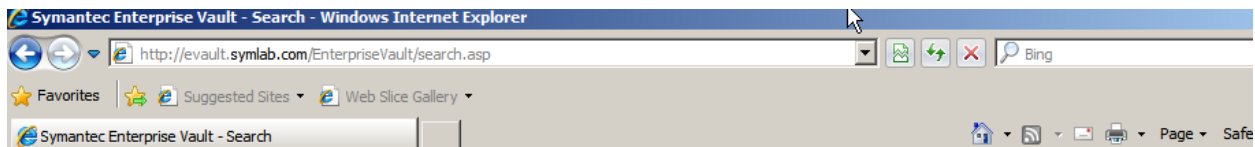

You can also save the report as a tab-separated-value file in one of two formats:

1. Save usage report by Archive Name
2. Save usage report by Billing Account

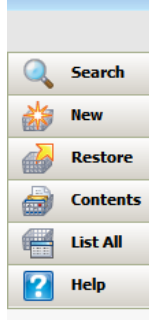

Note: Large reports may take some time to generate.

Vault Store	Save Report By		Active Archives	Total Items	Total Size (MB)	Awaiting Backup	SQL Server
Information Management	access denied	access denied	access denied	access denied	access denied	access denied	SERVER2K8-SQL.SYMLAB.COM
Vault Store Corporate	access denied	access denied	access denied	access denied	access denied	access denied	SERVER2K8-SQL.SYMLAB.COM

Total number of Vault Stores : 2
Total number of Active Archives : 0
Total number of items : 0
Total size of items : 0 MB
Total number of items awaiting backup: 0
